

A. RACE-WEEKEND PROTOCOL (only on-chain parts may run — M10)

B. ON-CHAIN PartRecord (the Designs ledger object)

PartRecord	
part_id · team · class	identity + which zone rules apply
timestamp	disclosure clock / provenance
nominal_geometry	SHA-256(canonical solid)
tolerance_spec	per-feature conformance band
material_spec (+hash)	certified properties
analyses	FEA · CFD · wake-test (M4)
cost_entry	→ cap accounting (M1/M9)
provenance	original derived_from[...] (M11)
signature	team key over the record

C. SCRUTINEERING = design-hash + physical-conformance
